CLINICAL RESEARCH NEWS

Georgia CORE is hiring a full-time, contract Research Project Coordinator. With a focus on Cancer Care Delivery Research, lead Clinical Research Associate responsibilities, and overseeing education training, the Research Project Coordinator will be essential in managing and facilitating various aspects of the Georgia NCORP Program. This candidate must hold a bachelor's degree in a relevant field or have 5 years of related experience (knowledge of research methodologies, data management, and quality assurance).

Resumes of qualified candidates may be emailed to Shantoria Brown (sbrown@georgiacore.org).

TEST OF YOUR KNOWLEDGE QUIZ!

The first person to answer correctly will receive Georgia NCORP swag and a shout-out in the next issue! Send your responses to srichburg@georgiacore.org.

1: What is one objective of an IRB?

Choices: Ensure financial benefits to the participant or ensure public trust in research is upheld

2: A side effect of a drug or other treatment that is serious enough to prevent an increase in dose or level of that treatment is best categorized as what?

Choices: Adverse Event or Dose-Limiting Toxicity

3: What is the purpose of palliative care?

Choices: Manage symptoms of side effects of treatment or to treat the cancer?

Previous quiz winners:

Terri Brannon, CCRC, Oncology/Orthopedic Research Nurse (Harbin Clinic)

Jodie Davis, RN, BSN, Clinical Research Coordinator (Anita Stewart Oncology Center)
