KUDOS

Kudos to Maya Agosto, BA, CCMA, CPT, Clinical Research Coordinator from Lewis Cancer & Research Pavilion at St. Joseph's Candler, for her WF-1901 (Internet-delivered Management of Pain Among Cancer Treatment Survivors IMPACTS) enrollment efforts! She was the only Georgia NCORP coordinator recognized during the 10/6/2025 Wake Forest Research Base Meeting.

We are excited to share that during the URCC NCORP Research Base meeting, GA NCORP was recognized for the following:

- Northside Hospital (NSH) and Lewis Cancer & Research Pavilion at St. Joseph's Candler for their hard work at being the second highest accruals on URCC-18007!
- Northside Hospital (NSH) and Lewis Cancer & Research Pavilion at St. Joseph's Candler, Pearlman and Tift for being the second highest accruals for URCC-21038.
- Northside Hospital (NSH) and Lewis Cancer & Research Pavilion at St. Joseph's Candler, for being the second highest accruals for URCC-22063.

Lastly, GA NCORP was also awarded 2nd highest for overall top minority accruals across all sites and studies!

Great work everyone!

"TEST YOUR KNOWLEDGE" QUIZ WINNERS

- **Terri Brannon**, CCRC, Oncology/Orthopedic Research Nurse (Harbin Clinic)-March/Issue 2
- **Jodie Davis**, RN, BSN, Clinical Research Coordinator (Anita Stewart Oncology Center)-May/Issue 3
- **Stephany Park**, Research Regulatory Specialist (Northeast Georgia Medical Center)-August/Issue 5

Will you be a winner for this month?

CORE RESEARCH FUNDAMENTALS TRAINING PROGRAM

Georgia CORE held its second class on September 29-30, 2025. A special thanks to the attendees: Parker Byrd, Jessica Diaz, Jordan Jaffie, Trenecia Lunceford, Adriane Miller, Haley Newman, Nakia Orr, Lauren Ott, Lora Reese, Hilary Ritz, Chawndra Salter, Stacey Searcy, Kelly Tiller, Judi Wilder, and Erin Williams.

The next class will be held in December 2025. Please contact Kaylan Dixon (kdixon@georgiacore.org) and Angelique Brooks (abrooks@georgiacore.org) for additional information and registration details.

MEMEBER SPOTLIGHT

Stephanie Reyes recently awarded Lung-MAP.

Stephanie has been the Chair of the Lung-MAP Site Coordinators Committee for the last 4 years and served on the committee for the last 9 years. She was a SCC member since the inception of the committee in 2016 when Lung-MAP was known as S1400, so she has been working on this trial a long time. Stephanie also enrolled the very first patient to S1800E, which she likes to say was her swan song. Congratulations, Stephanie!!

URCC	TBD for 2027	
Wake Forest	TBD for 2027	

1. Please contact Shantoria Brown (sbrown@georgiacore.org) to discuss travel funds and audit preparation.

TEST OF YOUR KNOWLEDGE QUIZ!

The first person to answer correctly will receive Georgia NCORP swag and a shout-out in the next issue! Send your responses to srichburg@georgiacore.org.

1: Which of the following most often triggers a finding during an oncology site audit?

- A. Missing signatures on eligibility forms.
- B. Late SAE reporting
- C. Out-of-window tumor assessments
- D. All of the above

2: You notice that lab results in the eCRF don't match the lab report. What's your next step?

- A. Correct the eCRF immediately and move on.
- B. Notify the PI and document the discrepancy in the source
- C. Delete both entries and pretend it's 4 p.m. on a Friday
- D. Submit a protocol deviation just in case

3: A participant reports mild nausea that lasts two days but doesn't require medication. What's the best documentation approach?

- A. Skip it, not serious enough to log
- B. Record it in the source and eCRF as applicable.
- C. Wait to see if it happens again before noting it
- D. Add it only if the PI mentions it at the next visit
